*Ethnomedicine will let you “How to prevent discomfort and take care of your health in a Conscious way with the Knowledge of the properties of plants, minerals, dances, songs, etc.”*

### **Theme:**

Medical and Officinal Plants - Stones and Crystals Properties - Environment - Dosage and Caution - Psychological Healing Approach - Mental Health Processes - Metaphysical Protection Utility – Emotional Resetting and Spiritual Prod –

Theme details:

#### **Medical and Officinal Plants**

Knowing the properties of some plants or parts of them as prevention and treatment of symptoms and physical, mental and psychological imbalances.

#### **Stones and Crystals Properties**

Know the characteristics of some crystals and stones or gems that help restore bioenergetic and psychophysiological balances. The combinations between gems and what to avoid. How and where to place the stones to obtain benefits also through the domestic and natural environment. How to preserve, purify and reuse them.

#### **Environment**

What is the Environment and how is it identified in the human stratigraphy of rationality and spirituality. The different types of environments and their interrelations. How to communicate with environments using herbs, crystals, gems, prayers and other alchemical connection tools.

#### **Dosage and Caution**

Knowing how to dose the quantities of substances deriving from the properties of each chemical element of stones, gems, herbs, flowers, roots, plants, etc.

#### **Psychological Healing Approach**

Know and evaluate before using. Religious, pharmaceutical, psychological, traumatic filters, etc. How to establish an alchemical dialogue with what is not like the human structure.

#### **Mental Health Processes**

The actions and reactions to psychic stimuli derived from the use and maintenance of the biochemical characteristics of plants, buds and more. The synaptic elaborations of the Limbic system and its relationship with the Heart and the Genitals.

#### **Metaphysical Protection Utility**

The metaphysical connections, beyond physical rationality, between the human psyche and the dimension of other living species as support and nourishment for mutual existence.

#### **Emotional Resetting and Spiritual Prod**

Static and dynamic effects; the results and the obvious structures in their process of change. The processes of rebalancing and resetting the conscious individuality and interconnected with the broader aspects such as spirit and existentiality.
